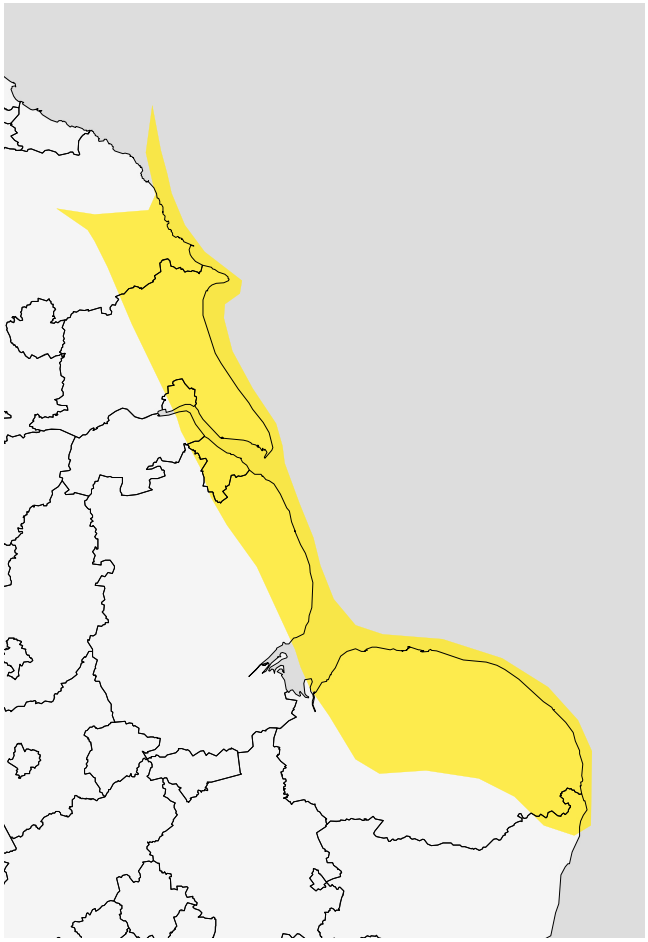
Yellow warning
Ice

Between
15:00 Wed 14 Dec 2022 and
12:00 Thu 15 Dec 2022



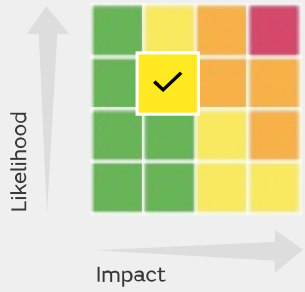
Showers of sleet and snow will lead to some slippery surfaces.

What to expect

- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Showers of sleet and snow will continue across coastal parts of eastern England, especially this evening and the early part of the night. These showers will fall onto surfaces that are below freezing, leading to some slippery conditions where surfaces remain untreated, due to either ice or a slight dusting of snowfall.



Medium likelihood of low impacts
